Lifestyle mission

As a wife and mother to two young children, I know how busy life can be and just how quickly time passes by, especially if little ones are involved. Whether you're a couple or family looking to capture some unique moments together, I have a package that will suit you.

My lifestyle photography captures the fun, informal and beautifully natural moments of everyday life in an unobtrusive way. My portfolio includes newborn babies all the way to grandparents — and everything in between, and places emphasis on harnessing individuality, nurturing relationships and celebrating quirks.

FAQs

WHERE SHOULD I HAVE MY PHOTO SHOOT?

There is no right or wrong answer to this question—but I always recommend choosing somewhere which makes you feel comfortable. I have held sessions in urban built up areas, cafes, parks, woodland, the beach, and have also completed sessions in clients homes (this works particularly well with newborn sessions).

I AM WORRIED ABOUT MY CHILD BEING UNCOOPERATIVE—WHAT WILL HAPPEN?

First and foremost, please do not worry about young children being 'uncooperative' — I have two young children myself, and know exactly what life can spring on you when you are least expecting it. Essentially, kids are kids and we want to capture their natural curiosity for the fun things in life. I suggest opting for a location they enjoy most and letting them go for it—if I have to chase after them, climb a tree or jump in muddy puddles to get the perfect shots, then bring it on!

WHAT HAPPENS IF THERE IS ADVERSE WEATHER ON THE DAY OF MY SESSION?

Whatever time of the year you book your session, there is never a guarantee of good weather. Whilst I am happy to photograph whatever the weather and have done sessions with umbrellas in wellies, I appreciate this may not be for you. In the first instance I would recommend having a backup option, but if you cannot find a suitable indoor location (or indeed do not want to compromise on an outdoor session), then we will rearrange your session. Please note that your deposit is non-refundable and your first choice of date may not be available.

CAN WE BRING OUR DOG TO THE SESSION?

Yes—absolutely! If you would like them to be included as another member of the family, then do please bring them along to your session.

HOW LONG WILL IT BE BEFORE MY IMAGES ARE READY AFTER A SESSION?

Edited digital images will be delivered within 4 weeks of the session.

WILL YOU USE MY IMAGES FOR ADVERTISING?

I love to promote my portfolio showcasing the lovely clients I work with, but will only ever do so with signed permission. There is absolutely no pressure to do so and I will fully respect your decision.
